

ANNA DOMINGUEZ

Anna's lifelong commitment to the Democratic Party began at a very early age. Her father impressed upon her the importance of safeguarding voting rights as the cornerstone of our democracy. He worked diligently to eliminate the poll tax and later organized numerous public forums to help inform voters.

Her mother, a lifelong democrat, served as an assistant election judge for numerous years.

Anna was an election clerk during her college years. Commencing in 1991 as Vice President of AFSCME Local 59, Anna coordinated several public forums to afford and encourage members to vote. At the State Democratic Convention in El Paso in 2000 she was elected as the local party representative to the credentials committee. In 2004 she was selected as the Central Labor Union VP to politics.

Also in 2004, she was elected as Secretary of the El Paso County Democratic Party serving during the terms of Carmen Duarte and Danny Anchondo. These were very exciting times as Carmen Duarte labored tirelessly to establish and maintain a stable headquarters which we maintain to date. Their efforts earned national and state recognition.

Anna assisted in fundraising events, primary viewing, election returns and 4th of July parades etc. As a past precinct chair and presently as a volunteer, she phone banks, walks her precinct and has endured over the years adverse weather conditions as she stood at her voting poll and other popular locations with Straight Democrat voting signs. She has participated in raising money for the Party through her efforts in the Annual Tardeada.

She continues to be committed to the inclusion of her labor Union brothers and sisters and the importance of voting. Anna is greatly appreciative of her selection and values the positive and rewarding friendships with other equally committed individuals in our pursuit to protect, defend and foster voting rights and democratic values.
