### Democratic Party Beliefs

Memo, has Democratic Party activism etched on his soul with a smile on his face. He has been a lifelong ambassador for the local Democratic Party and worked on behalf of a who's who list of Democratic Party candidates.

Much of Memo's activism was at a time when Latino / Hispanic Democratic Party candidates were truly minority candidates. A period of time that so needed his fervent support. It is only fitting that he now can be recognized as one of the cadre's who ushered in a new era of Democratic Party representation in El Paso County.
