

George Ybarra is the man to ask if there are questions about things political. He has performed exemplary service to the candidates of the Party and thereby to the Democratic Party itself. As a diligent poll watcher, an ardent campaigner, a knowledgeable mentor, George is an invaluable part of our City of Democrats. He has served as zone manager in the Alicia Chacon County Judge race, assisted Jaime Esparza and José Rodriguez campaigns and helped other candidates with vote analysis and projections. He has usually been correct in his projections. He served on the redistricting committee which submitted the current districts for the City of El Paso, EPCC and EPISD. In his own words, "I have tried to serve my community with my God given gifts." George Ybarra has succeeded.
